## GOLDEN WEST

CONNECTING COMMUNITIES

Our determination and passion is as sharp today as it was when we launched our first radio station in Southern Manitoba over 58 years ago. Golden West was created to provide the local information and great entertainment that was important to smaller communities. Today, as we continue *Connecting Communities*, Golden West is being embraced by the audiences and users of more than 40 Radio Stations and 17 Community websites.

By partnering with local businesses, supporting community organizations and developing local musical talent, we continue to embrace our role as an essential service in connecting communities from Alberta to Northwest Ontario.
