

Competition Development Workshop Information

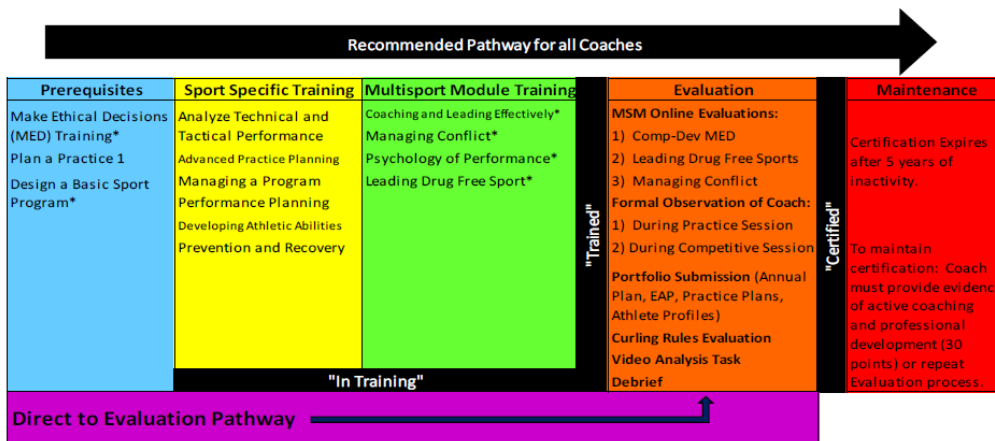

March 19-March 22, 2020

Winnipeg, MB

Competition Development is the replacement to the Level 3 Certification program. It is a program that is administered and delivered by Curling Canada with assistance from its Member Associations.

Competition Development Training Pathway

It is recommended that coaches be Level 2 or Competition Coach Certified before beginning training.

During this training coaches will learn:

- Current Technical Skills
- How to Analyze Technical and Tactical Performance
- Performance Planning
- Program Management
- Advanced Strategy
- Advanced Practice Planning
- Prevention and Recovery (Integrated Multisport Module)
- Developing Athletic Abilities (Integrated Multisport Module)

Notes: Design a Basic Sport Program - is offered as a MSM in Intro to Competition B, Plan a Practice 1 - is offered as a MSM in Intro to Competition A or Competition Coach (Curling). (*) Each of these modules are offered by P/TSO.

Program will take approximately 14 months to complete, as it requires writing, implementing, executing and debriefing an annual plan. In addition to the annual plan portfolio, two observation evaluations (a practice and a competitive environment) must be completed. Coaches will need to complete the Competition Development Make Ethical Decision Online Evaluation, and will need to complete the **four** remaining Competition development multisport modules – Managing Conflict, Coaching and Leading Effectively, Psychology of Performance, Leading Drug Free Sport.

Questions about the workshop should be directed to Jennifer Ferris, NCCP Transition Consultant for the Curling Canada at jferris@curling.ca or 289-527-0352.
