MEDIA INFORMATION

IMPORTANT: All media procedures, seating and access is subject to change based on the recommendations of public health authorities. All accredited media will be notified of any changes.

ACCREDITATION

Accredited media can pick up their credentials at the front entrance of Stride Place.

All media badges issued are non-transferable. Failure to follow this rule will result in the forfeiture of your media credential.

MEDIA BENCH

An media bench has been set up at the home end. The bench offers workspaces, wireless Internet and electric outlets.

INTERVIEW/PLAYER ACCESS

All media on-site will have a direct line of access from the media bench area to the backstage scrum/mixed zone area. Media will not have any additional access to backstage beyond the mixed zone (i.e. no backstage media workroom). Curling Canada will do its best to accommodate all media on site.

INTERVIEW REGULATIONS/PROCEDURES

You will be required to fill out interview request forms, which will be available on the media bench. The forms will be gathered as the draw progresses and will be handed to requested players at the completion of their games.

All post-game media interviews will be conducted in a physically-distanced scrum format at ice level in a designated space adjacent to the media bench. All players have been instructed to exit through this area on their way to the dressing rooms. Every effort will be made to escort players to the specified area as quickly as possible after each draw.

All in-person interviews MUST be socially-distanced. Masks are required at all times. Due to the distance, Curling Canada recommends having microphone extender to improve audio quality.

DRAW STATISTICS

A statistical report will be produced and limited copies distributed to the media shortly (about 15 minutes) after the conclusion of each draw. Live scores and stats can be viewed online at the Curling Canada website (www.curling.ca).

If you would like to receive the Draw Stats media report by email, please contact Al Cameron (acameron@curling.ca or 403-463-5500)

CURLING CANADA PHOTOGRAPHY GUIDELINES

All photographers must be identified with a B4 credential. You must also wear black/dark colour clothing and shoes.

In general, you are allowed to shoot from positions between the hog lines (starting about two metres from each hog line) on the carpeted areas separating the game sheets; in the corners of the arena; or behind the hack signs/scoreboards, provided you are not obscuring the vision of the spectators, blocking the scoreboard or in the way of the players.

Before entering the ice surface, please ensure that you have used the shoe cleaner, located near the home-end entrance, to remove dust, dirt and other particles from your shoes.

You are not allowed on the ice surface at any time.

Also:

- Flashes are not allowed.
- If you are carrying a mobile device, turn it to silent before entering the ice surface.
- No video can be shot from inside the boards.
- Please photograph from a sitting or squatting position; not standing or kneeling. Please shift your position at appropriate intervals to not consistently block the view of the same spectators.
- When moving along the walkway, ensure that no player is in the process of delivering a rock. If the curler is delivering, please wait until the deliver is complete before crossing the carpet at the end of the sheet.
- When a player is about to deliver a stone, you must be behind the hack signs/scoreboards, or situated between the hog lines.
- For playoff games, special instructions will be issued for photo locations in conjunction with the location of TSN's cameras. In general, though, you should avoid being in the TSN shot at all times.

Thank you for your co-operation.

Failure to adhere to these regulations could result in the forfeiture of your photography credential.

FACT SHEET

OFFICIAL NAME: 2022 Canad Inns Canadian Mixed Doubles Trials

DATE/SITE: Dec. 28, 2021 - Jan. 2, 2022 - Stride Place, Portage la Prairie, Man.

SEATING CAPACITY: 1,675

FORMAT: Sixteen teams will compete in two pools of eight. Teams will play seven round-robin games with six teams advancing to the playoff round. The first-place team in each pool will receive a berth into the championship playoff. The four teams with the next best win/loss records play in qualification games to determine the remaining two teams in the championship playoffs. A double knockout is played between the final four teams to determine the two teams in the championship final.

WINNERS EARN: The right to represent Canada's at the 2022 Olympic Winter Games.

TIEBREAKERS - TEAM RANKING: The following criteria (in order) will be used to rank teams (within their pool) at the completion of the round robin.

- 1) The remaining teams will be ranked by their win-loss records.
- 2) If two teams are tied in wins/losses, the team that won the round-robin game between those teams will be ranked higher
- 3) If more than two teams are tied, the win/loss records in games between only those teams will be used to determine ranking
- 4) When the ranking cannot be decided in bullets 1-3, then the ranking will be determined by using the total distance of accumulated draw shot distance.
- 5) If teams remain tied using the accumulated distance of the last stone draw, the next largest distance of the tied teams is dropped until the tie is broken.

For the purposes of event ranking, the two highest individual distances of the fourteen draws will be discarded. The remaining total distance from the round robin will be used to rank teams.

Teams finishing first in each pool will be the first- and second-ranked teams in the playoffs and receive a bye. These two teams are ranked by overall record first, then by LSD to determine first and second seed.

The next top-four ranked teams from either pool (using the same team ranking procedure as above), will advance to the first round of the playoffs. These four teams will be ranked third through sixth in the playoff draw based on round-robin record first, then by total draw shot distance results if tied with the same round-robin record.

If there a tie for the last playoff spot, the tie is broken by head-to-head record first. If that is not possible, then the total draw shot distance results will be used to break the tie. If teams remained tied, the next largest distance of the tied teams is removed until the tie is broken.

There will be no tiebreaker games.

**PLAYOFFS - STONE
SELECTION/LAST
STONE ADVANTAGE:**

- 1) In all playoff games, excluding the championship final, choice of stone placement **AND** the choice of handle colour is awarded to the team with the better win/loss record in the round robin.
- 2) If the higher seed does not have a better win/loss record than the opposing team, the higher seed will have choice of handle colour **OR** choice of practice time. A pre-game draw to the button will determine the first-end stone placement choice.
- 3) In the championship final, choice of stone placement **AND** the choice of handle colour is awarded to the team who won the playoff game that advanced it directly to the championship final.

For playoff games, once practice is over teams must choose the six stones to use during the game and designate a spare stone. The remaining two stones will be used as positioned stones.

For stone selection when there is only one game on the ice:

- 1) Teams may select any eight game stones and one reserve stone of the same colour from any of the sheets that were used in round-robin play.
- 2) Stones selected do not all have to come from the same sheet, but must be of the same colour.
- 3) The reserve stone may only be used if one of the eight game stones becomes damaged and unsuitable for play as confirmed by the Chief Ice Technician.
- 4) Teams may reselect stones for any subsequent playoff games.

GAME DURATION:

All games are eight ends. Teams must complete a minimum of six ends in all round-robin games. Teams must play all eight ends in playoff games, or until mathematically eliminated.

**ROCKS, COLOUR,
LAST STONE DRAW:**

The stones are Curling Canada stones, most recently used at the 2021 Tim Hortons Canadian Trials in Saskatoon.

Note: The running surfaces were re-built this summer.

In the round robin, the team listed first in the draw will deliver red stones.

There will be six stones to use per team for round-robin games, two stones will be used as the positioned stones. The positioned stones are rotated: Draw 1-2 = rocks 1, 2; Draw 3-4 = rocks 3, 4; Draw 5-6 = rocks 5, 6; Draw 7-8 = rocks 7, 8; Draw 9-10 = rocks 1, 2; Draw 11-12 = rocks 3, 4; Draw 13-14 = rocks 3, 4.

After pregame practice, teams have the option to play with five of the six stones available. The spare stone can be exchanged for a chosen stone at the conclusion of an end.

Following pregame practice, each player will deliver a draw to the button - one will throw the clockwise rotation of the rock and one will throw the counter-clockwise rotation of the rock. Both distances are measured and combined to determine LSD distance. Each player must throw at least three clockwise and three counter-clockwise rotations during the round robin.

Teams opposing each other will use LSD process to determine which team has the decision on the placement of the stones in the first end. The team with the lesser LSD distance shall have the decision.

If LSD totals for both teams are the same, all distances are compared and the best non-equal LSD has the choice of positioned stones in the first end. When teams have the exact same individual LSD stone distances, a coin toss will be used to determine that choice.

**GAME TIMING/
TIMEOUTS:**

Each team will receive 24 minutes of thinking time and two 90-second timeouts to complete an eight-end game. Each team will receive three minutes of thinking time to play each and every extra end played, including one 90-second timeout per extra-end.

A team's clock begins:

- Once the opposing team has completed their shot, all rocks have come to rest and moved behind the back line; AND
- the opposing team's sweepers have moved to the side of the sheet; AND
- the opposition in charge of the house has relinquished control of the house.

A team's game clock stops once the stone has reached the nearest tee-line at the delivery end.

* Practice schedule subject to change

- **Power play option:** Once per game, each team, when they have the decision on the placement of the positioned stones can use the power play option to position their stones.

- The in-house stone, which belongs the team with last stone in that end, is placed with the back edge of the stone abutting the front edge of the tee-line, with half of the stone in the eight-foot and half of the stone in the 12-foot.
- The guard stone is positioned to the side of the sheet, so it would be bisected by a direct line between the middle of the in-house stone to the middle of the hack where the hack intersects with the centre line. The distance of this corner guard from the house will be the same distance that was determined for the centre guards and is either immediately in front of or immediately behind one of three points on the ice.
- The team with the positioned stone in the house (stone B), shall position the guard (stone A).
 1. At the mid-point between the between the hog line and the outermost edge of the top of the house 2.286 m. (7 feet 6 inches); then 1.07 m. (3 feet 6 inches) to the left or right of the centre line and the same side as the in-house stone, or;
 2. 0.915 m. (3 feet) from the mid-point (1) closer to the house; then 1.09m (3 feet 7 inches) to the left or right of the centre line and the same side as the in-house stone, or;
 3. 0.915 m. (3 feet) from the mid-point (1) closer to the hog line; then 1.04 m. (3 feet 5 inches) to the left or right of the centre line and the same side as the in-house stone, or;
 4. The corner guard can be placed on either side of the ‘spot’ (closer to the house or closer to the hog line determined prior to the start of the game.

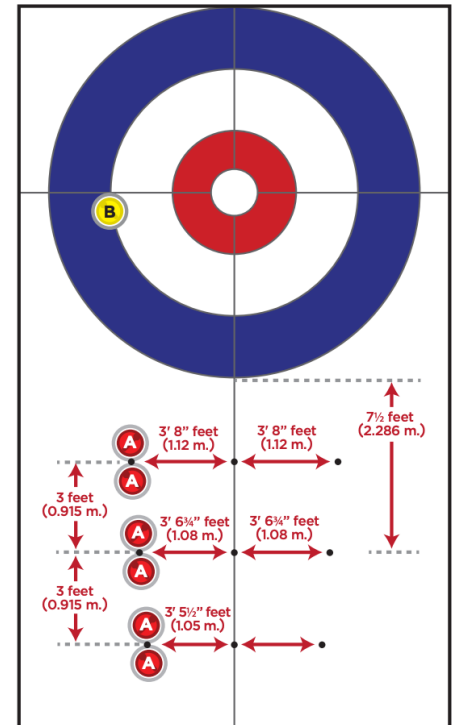

Fig. 2: Power Play Option

- The power play option cannot be used in extra ends.
- Teams will toss a coin for the decision in the first end or be predetermined based on event-specific rules.
- Following the first end, the team that did not score shall have the decision on the placement.
- If neither team scores in an end, the team that delivered the first stone in that end shall have the decision of placement in the next end.
- The teams whose positioned stone is placed in Position A in both Figure 1 and Figure 2 shall deliver the first stone in that end.
- While a team is in the process of delivery, that team’s non-delivering player may be anywhere on the ice surface.
- After delivery, either or both players may sweep their delivered stone and any stones set in motion belonging to their team anywhere in front of the tee-line at the playing end. This applies to all the team’s delivered stones.
- If a player delivers a stone out of proper rotation, the delivered stone is removed from play and any displaced stones are returned to their original positions by the non-offending team. Should the discovery of the infraction not be discovered until after the delivery of the subsequent stone, play continues as if the infraction had not occurred; however, the player that delivered the first stone of the end can deliver a maximum of two stones that end.
