The 5<sup>th</sup> player is not eligible for this card.

Note 1: If a card is unable to be assigned to an athlete(s), the card(s) will be allocated to the performance based criteria (Priority #5)

### **Priority #3 - Failure to meet criteria for health-related reasons (SR1, SR2 athletes)**

An SR1 or SR2 carded athlete who, at the end or the beginning of the carding cycle, has not achieved the standard required for carding status because of health related reasons may be considered for nomination for the upcoming year provided the following conditions are met:

The athlete has fulfilled all reasonable training and rehabilitation requirements aimed at a speedy return to full high performance training and competition during the period of his or her injury, illness or pregnancy or is continuing a rehabilitation program approved by the Curling Canada;

In the view of the Curling Canada, the athlete's failure to attain the applicable carding standards is strictly related to the injury, illness or pregnancy;

Curling Canada, based on its technical judgement and that of a Curling Canada team physician or equivalent, indicates in writing to Sport Canada the expectation that the athlete will achieve at least the minimum standards required for carding during the upcoming carding period;

The athlete has demonstrated and continues to demonstrate his or her long-term commitment to high performance training and competition goals, as well as his or her intention to pursue full high-performance training and competition throughout the carding period for which he or she wishes to be renewed despite not having met the carding criteria.

### **Priority #4 – Team Canada National Criteria (SR/C1)**

The 4 men and 4 women athletes that were selected to compete in the 2022 World Championships may be eligible for a 6 month SR/C1 card, if they are not already eligible for either a SR1 or a SR2 card. (To be awarded the card you must retain 3 of 4 players for the 2022/23 season, if the team is unable to retain 3 of 4 players, the cards will be allocated to Priority #5, a performance-based criteria.

The 5<sup>th</sup> player is not eligible for this card.

### **Priority #5 – Sport Canada National Criteria (SR/C1)**

If there are any remaining cards available to distribute they will be awarded based on a team's results from the start of the 2022/2023 season. (August 1 – December 19, 2022)

Performance Based Criteria – Teams CTRS point total as at December 19<sup>th</sup>, 2022 from the 3 grand slam events in the fall and one other CTRS event result. Cards will be awarded to athletes, in order, based on their CTRS results. Cards for 6 or 4 months will be distributed until the carding funds are consumed.

The 5<sup>th</sup> player is not eligible for this card.

Note 1: Athletes meeting the Carding Criteria that have not previously been carded at the SR1/SR2 or SR level will be funded at the Development card level and designated as C1 cards.

Note 2: Normally, an athlete is expected to improve each year to maintain a Senior National Card and eventually achieve the international criteria. Therefore; an athlete is generally expected to hold a Senior National Card for no more than 5 years (not necessarily consecutive). In that time, it is expected that an athlete would have had an opportunity to reach the International Senior Card standards. However, an athlete may be carded at the Senior National Card level (SR/C1) for 6 years or beyond if he/she continues to demonstrate continued progression toward achieving the Senior International card level. This is demonstrated through stronger performances/placements at national/international events throughout the competitive season as reported by Curling Canada.

Note 3: If an athlete earns a card under both the 4-person team carding criteria and the MD carding criteria, they will be awarded the card with the greatest value and the other card will be reassigned.

Note 4: Performance based criteria cards (Priority #5) will be awarded to the 4 person athletes first, then, to the mixed doubles athletes.
