TV NON-RIGHTS HOLDERS

TSN/World Curling TV are the sole TV rights-holder for this event. However, in order to provide other stations and/or networks with an opportunity to get brief game/highlight footage, broadcast media may **air two minutes of game footage daily in Canada from TSN**, and must provide credit to TSN.

For international media, no more than 90 (ninety) seconds per day for usage in any news and/or sports news programme. Usage permitted on all broadcaster platforms (digital, web, social) as long as geo-blocked. Should be used within 72 hours. No Archive. Credit must be provided to World Curling TV.

TV non-rights holders may use as much post-game media scrum footage as they wish.

No live hits, stand-ups or recording of non-broadcast games will be allowed to occur inside the venue.

WORLD CURLING PHOTOGRAPHY GUIDELINES

PHOTOGRAPHERS REGULATIONS & CODE OF CONDUCT

ALL PHOTOGRAPHERS MUST BE IDENTIFIED WITH AN APPROPRIATE MEDIA ACCREDITATION – FAILURE TO COMPLY WITH THESE REGULATIONS MAY RESULT IN THE IMMEDIATE WITHDRAWAL OF YOUR MEDIA ACCREDITATION.

These regulations have been put in place by World Curling in order to ensure the smooth operation of photographers accredited for events.

GENERALLY, PHOTOGRAPHERS ARE ALLOWED ONTO THE FIELD OF PLAY (FoP) DURING CURLING CHAMPIONSHIPS AND CAN SHOOT FROM:

- Anywhere between the hoglines on the carpeted areas separating the sheets of ice
- The corners of the arena
- Behind the sheets of ice, in between the scoreboards, but not directly in front of or behind the scoreboards
- Please pay particularly close attention to rules 4, 8 and 9 on page 4

In all cases, this is provided that you are not obscuring the vision of spectators, blocking the scoreboard, in the way of the players or are a particular visual distraction to the World Curling host broadcaster, World Curling TV (WCTV) or Rights-Holding TV Broadcasters (RHBs).

PHOTOGRAPHING A CURLING CHAMPIONSHIP - THINGS TO WATCH FOR:

• COMPETITION

Team names are posted on the scoreboards.

• PRE-GAME ACTION

Prior to the start of each draw (round of games), each team receives practice time on the sheet of ice they will be competing on, usually starting 30 minutes before game time. The final minutes before the official start of competition are used for team introductions and final preparation of the ice.

• FIELD OF PLAY (FoP) PERSONNEL

Will try not to obstruct your sightlines. However, they must move to perform their duties and will occasionally interfere with your photography.

• A GAME OF CURLING

A game usually last ten (10) ends. An 'end' usually lasts 15 minutes. The action goes down and back, from one end of the sheet to the other, hence the name 'ends'. Games going to '10 ends' will finish at the 'home end'. However, teams can concede at any point after six ends in round-robin games and eight ends in play-off and medal games. Watch the scoreboard and if a team is losing badly look for players shaking hands and conceding the game early after the last stones have been delivered in an end.

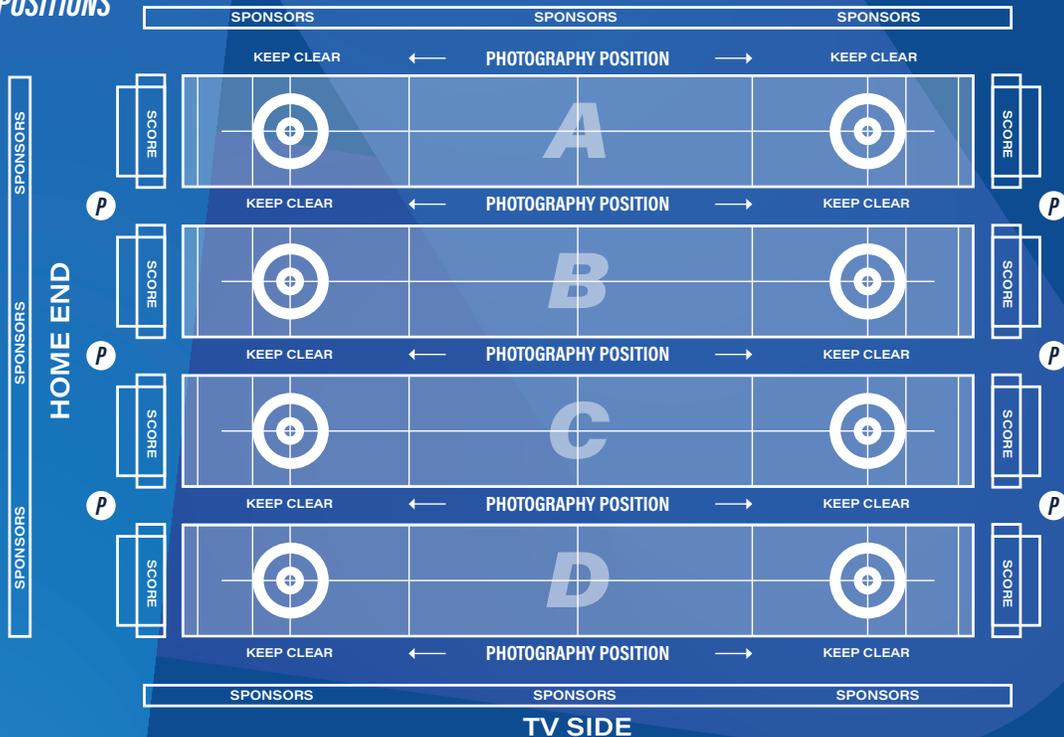

• LAST STONES MAY NOT BE DELIVERED

If a team needs two points to win, and has no stones in scoring position with only one stone remaining to play, the game will end without last stones being delivered.

KEY PHOTOGRAPHY RULES

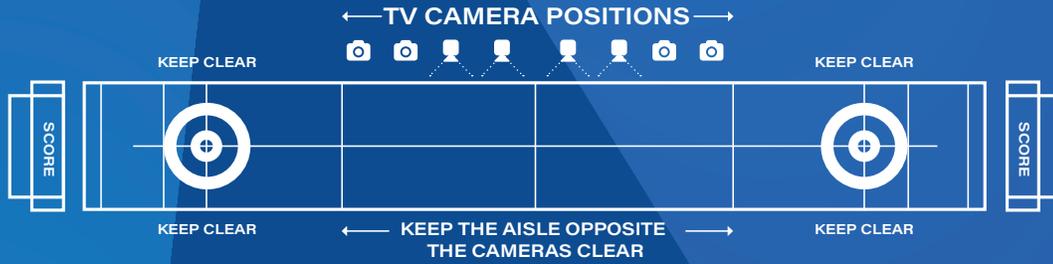

- Flash photography is not allowed at any time.
- Please turn your mobile/cell phone off before entering the FoP. Silent or vibrate settings are permitted.
- You are not allowed on the ice surface at any time.
- You are requested to wear dark clothing and to wear shoes that have only been worn indoors or shoe covers whilst at work on the FoP. Failure to do so will result in being denied access to the Field of Play and the possibility of accreditation being revoked.
- Please photograph from a sitting/squatting position. Move along the walkway at appropriate intervals in order not to consistently block the view of the same spectators.
- Leave camera bags and non-essential bulky equipment outside the FoP.
- Always walk, do not run inside the FoP.
- When preparing to move either along a walkway or across the end of a sheet – remember that other games may be going on at the same time – make sure to look down both adjacent sheets to ensure that no player is in the process of delivery. If one is, then please await the completion of the delivery before moving. When crossing the end, cross behind the scoreboard, not in front. Please be mindful of any WCTV or RHB camera, which may also be on the same walkway.
- If the game you are photographing is being covered by TV please ensure you photograph from the same walkway as the WCTV cameras, not the opposite walkway. Please sit alongside the TV camera tripod to stay out of the TV shots.
- When a player is about to deliver a stone, you must be behind him/her or between the hog lines.
- Please be aware that the WCTV or RHB cameras may move along a walkway or to a different walkway during any draw. Please cooperate with any request regarding the moving of cables, cameras, etc.
- For the semi-final and final, special instructions will be issued on photography locations. Only one photographer per affiliation will be allowed onto the carpeted area/walkway designated for photographers located adjacent to the game sheet. All other photographers from the same affiliation must position themselves on a non-adjacent walkway behind or to the side of the playing area. Certain photographers may also be allowed a key position behind the scoreboard.
- Photography instructions regarding the presentation of the championship trophy will be issued prior to the final.
- For certain events an armband policy for access to the FoP may be implemented.

PHOTOGRAPHY POSITIONS

BROADCAST GAMES PHOTOGRAPHY POSITIONS

If the game you are photographing is being covered by TV please ensure you photograph from the same walkway as the WCTV cameras, not the opposite walkway. Please sit alongside the TV camera tripod to stay out of the TV shots.

TV NON-RIGHTS HOLDERS (CANADIAN MEDIA)

TSN is the sole Canadian TV rights-holder for the 206 BKT World Women's Curling Championship, thus no cameras/portable video devices from any other media affiliation are allowed **inside** the boards during morning, afternoon and evening draws.

However, in order to provide other stations and/or networks with an opportunity to get brief game/highlight footage, approved camera positions will be available at certain locations **outside** the boards around the perimeter or at various places on the concourse level or press box, provided your position at no time blocks the view of spectators nor presents a fire access hazard. **Please ensure that your camera has no visible logo. If so, please cover it up.**

You are allowed to air two minutes of game footage daily, provided the game footage is not from a game being televised as the feature game by TSN, in which case you must use their highlights with the appropriate credit.

The main media scrum takes place at ice level. There will be an appropriate backdrop/signage noting the area. All players will pass by this area en route to their dressing rooms.

TV cameras must allow the media scrum to first interview any requested players before arranging individual interviews. However, cameras may be part of any scrum. For TV non rights-holders, you are allowed to air as much footage from the scrums as you wish.

When all games have been completed for any draw **AND** when TSN/World Curling TV has concluded its telecast and is off the air, you are allowed to do 'stand-ups' or interviews at ice level on the carpeted areas, near the scoreboards or even inside the boards, provided you are not disrupting the ice technicians as they prepare the surface for the next draw.

For brief live hits, if TSN/World Curling TV is not on the air, you will be able to do stand-ups on the concourse, seating areas, etc., providing any lighting requirements have been pre-approved. **When TSN/World Curling TV is on the air, NO live hits are allowed.**

International TV non-rights holders can contact World Curling (media@worldcurling.org) for more information on International rights.

Thank you. If there are any questions, please contact (on-site):

The semifinal winners play in the gold-medal game and the losers play for bronze.</p> <p>No tiebreakers will be played. TELEVISION:	TSN, RDS2 / The Curling Channel
GAME DURATION:	Ten ends are scheduled with extra end(s) to break tied games. A minimum of eight ends must be completed in the playoff games, in any other games a minimum of six ends must be completed.

GAME TIMING:	<p>Teams will each have 38 minutes of "thinking time" to complete a 10-end game. Extra ends will be four minutes and 30 seconds of time for each team. Each team shall complete its part of game within the timeframe given, or the team will forfeit the game.</p> <p>A team's clock begins:</p> <ul style="list-style-type: none"> • Once the opposing team has completed their shot, all rocks have come to rest and moved behind the back line; AND • the opposing team's sweepers have moved to the side of the sheet; AND • the opposition in charge of the house has relinquished control of the house; AND • the person in charge of the house (the delivering team) has taken control of the house. <p>A team's game clock stops once the stone has reached the nearest tee-line at the delivery end.</p>
TIMEOUTS:	<p>Each team is allotted ONE 60-second timeout total (plus 30 seconds of travel time) when their team clock will be stopped.</p> <p>There will be a one minute and 30 second break prior to an extra end. PLAYOFFS - RANKINGS & LAST STONE FIRST END	<p>When round robin play (one group) is used at World Curling competitions, with each competing team playing all other teams, stone colour and first stone in the first end of post round robin games is determined as follows:</p> <ol style="list-style-type: none"> 1. The team with the better win/loss record has the choice of stone colour and playing first or second stone in the first end. 2. Any of the five players can deliver and/or sweep or hold the brush for any LSD stone(s) as long as there is a maximum of four players on the ice during the LSDs. Normal sweeping rules apply.</p> <p>It is assumed that any team that wins the LSD will choose to deliver the second stone in the first end. If this is not the case for any game, the team must tell the Game Umpire before the start of its pregame practice.</p>			
NO-TICK SHOT:	<p>If, prior to the delivery of the sixth stone of an end, a delivered stone causes either directly or indirectly, an opposition stone in the Free Guard Zone (FGZ) which is touching the centre line to be moved to an off-centre line position or to a position outside the FGZ, the non-offending team has the option to:</p> <ol style="list-style-type: none"> 1. Remove the delivered stone from play, and replace all stones that were displaced to their positions prior to the violation taking place; or 2. Leave all stones where they came to rest.
